Dear Parent /Guardian

2018 SCIENCE COMPETITIONS

This year we are offering 3 Science competitions for students to enter. They are the The Australian National Chemistry Quiz, The International Competitions & Assessment for School (ICAS) and The Big Science Competition.

These competitions give students an opportunity to discover their science talent at the same time as encouraging critical thinking and problem-solving skills. All international competitions are open to students of all abilities in school years 7-12. The questions are developed by Australian teachers and scientists to test scientific thinking. All students will receive a certificate recognising their achievement, and schools are given question-specific feedback for each student.

If you are interested in your child competing, please return the tear-off permission slip and applicable entry fee by Thursday, 29 March 2018.

ON-LINE PAYMENT DESCRIPTION: Science Competitions

Yours sincerely

Ms Mary Doolan
