Dear Parents and Caregivers

### **EDROLO STUDY SUPPORT FOR YEAR 12**

As an incentive for the 2019 HSC cohort, the school has purchased and enrolled all year 12 students in an online study and exam resource called Edrolo. Students will be able to utilise the resources of this program at any location that has internet access.

Edrolo is an online extensive study and revision resource that features interactive video presentations. It follows the syllabus dot points of a variety of subjects and will assist students in study sessions, preparing for assessment tasks, catching up on missed work, revising class work and most importantly in their preparation for the HSC examination. The inclusion of simulated practice exams which offer video solutions to every single exam question will enable students to identify and target their areas of weakness as they prepare for the HSC.

Each student has been registered for the program and will be able to log on and access all the courses available to them. The cost of this program is considerable, but will be a beneficial and worthwhile resource for all students in preparing for the HSC examination. Edrolo does not take away from the vital learning and teaching in the classroom, but rather reinforces essential skills being taught and gives students valuable resources when they cannot access direct teacher instruction and guidance.

This will also assist parents and caregivers in guiding students to resources when they appear to be struggling with a particular topic or when students need direction in studying. During Year 12 students should be studying at least two hours a night Monday through Thursday and at least three hours over the weekend. When students indicate they have no homework or do not know how to study, parents can direct them to log on to Edrolo and complete topic practice exams for their subjects.

Edrolo HSC subjects offered are:

- \* Biology
- \* Physics
- \* Chemistry
- \* Business Studies
- \* Legal Studies
- \* Mathematics Standard 2
- \* Mathematics
- \* Mathematics Extension 1
- \* English Standard
- \* English Advanced
- \* Ancient History
- \* Modern History
- \* PD/H/PE

If students do not have an existing Edrolo account:

- Go to [www.edrolo.com.au/coonabarabran](http://www.edrolo.com.au/coonabarabran)
- Enter your surname and check that it recognises your correct first name
- Enter your email address and choose a secure password that you will remember
- Click 'Let me in'
- Edrolo will send a confirmation email to your email address - head to this email and click the activation link
- You will then be logged into your account.

The cost for the program for each student will be \$30.00 which will need to be paid to Ms Ryan in the front office by 9 November 2018. The cost has been heavily subsidised by the school via Equity funding.

If you wish to discuss this program any further, please do not hesitate to contact Mr Brian Shand at the school on 6842 1099.

Yours sincerely

Mary Doolan  
RELIEVING PRINCIPAL
